

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_125672
Title of the Manuscript:	Effect of IBA concentration (Indol butaric acid) and growing condition on performance of cuttings in Mogra (Jasminum sambac)
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Through this article, Scientists get an approach to growing the Jasmine species in different conditions and seasons. A large number of desired healthy plants can be produced through plant cutting in response to growth regulators. With this experiment, there are production of disease-free jasmine plants that are healthier and useful for human society	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the article is suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract of the article is comprehensive. There should be an indication of flowering duration after growth regulator application.	
Are subsections and structure of the manuscript appropriate?	Structure and subsections are appropriate in the manuscript.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	In this manuscript, there is the introduction of causal factors that are responsible for the growth of jasmine cuttings that act as better growth regulators in IBA form. There is application of growth hormones act naturally that never disrupt our environment.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are sufficient and recent.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Language quality of the article is suitable for scholarly communication.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
