

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Complementary and Alternative Medical Research
Manuscript Number:	Ms_JOCAMR_124583
Title of the Manuscript:	Antioxidant and cytotoxic potential of methanolic extracts of <i>Beta vulgaris</i> and <i>Daucus carota</i> against breast cancer cell line
Type of Article :	

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The authors made changes and additions depending on the manuscript's evaluation. The article clarified all issues more than the prior manuscript. However, I would suggest the writers to cut the references section (not to present all 72 references in a scientific article published in a scientific journal).
