

Editor's Comment:

The paper is suitable for publication. One minor point: for participants, besides "Grades 7-12" the age-range could be mentioned.

I would also suggest to add the following reference (full chapter-pdf is attached): Nikolopoulou, K. (2017). Adolescents' internet attitudes: A study in an experimental Greek secondary school. In A. Tatnall & M. Webb (eds.) Tomorrow's Learning: Involving Everyone – Learning with and about Technologies and Computing. IFIP AICT 515 (pp. 35-44). Heidelberg, Germany, Springer. DOI: 10.1007/978-3-319-74310-3_5. Post-Conference Book.
