

Review Form 3

Journal Name:	South Asian Research Journal of Natural Products
Manuscript Number:	Ms_SARJNP_125202
Title of the Manuscript:	Determination of Physicochemical parameters of Tap water and Sachet Water in University of Uyo, Akwa Ibom State, Nigeria.
Type of the Article	Research

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript will provide information on the regular monitoring of the drinking water quality. However, the manuscript suffers from justification of the study i.e. the rationale of this study has not been well described in the introduction. Additionally, there several irrelevant things are gathered together without and coherence.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, but errors in letter case	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, there are typos error. The methods of determination of the parameters could be included in a sentence.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	How many samples were analysed? How many samples for each sampling point were taken, for example number of replications? How is the statistical analysis done? Which software has been used? These issues need to address in the methodology section which will justify the data validation. Discussion lacks the comparison with similar published works on tap water or bottled water.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	There are numerous typos error such wrong case of letters, spelling error. There are many grammatical errors throughout the manuscript. Therefore, it is necessary to improve the writing before publishing.	
Optional/General comments	The manuscript needs to rewrite
