

Review Form 3

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_JSRR_125922
Title of the Manuscript:	Floral infestation of tuberose (Aphelenchoides) management with treatment modules.
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Managing floral infestations of tuberose caused by Aphelenchoides nematodes is crucial for maintaining plant health and ensuring optimal flower production. Effective management helps prevent yield losses and maintains the quality of blooms, which is essential for both commercial growers and ornamental purposes	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	On October 6, 2023, India published the Insecticides Order, 2023 to ban four highly hazardous pesticides, which are Dicofol, Dinocap, Methomyl and Monocrotophos . Why Monocrotophos is included in your treatment or have any specific reason?	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No , Add recent articles	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes, May check with professionals	
Optional/General comments	Include More information on introduction chapter and reduce content in result and discussion Reduce conclusion content	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
