Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Nil	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The meat industry in India is facing lot of challenges in terms of availability of raw materials, marketing, religious concerns and improper infrastructure. In this context to make the industry more economical and feasible for processors, suitable alternatives need to be explored and made available for the investors to get more returns. This particular article has rightly presented the facts and potentiality of utilization of animal by-products as pet foods.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Few more references may be incorporated, since the article being a review type. There are many articles published in India and abroad on pet chews, biscuits, pet foods incorporating animal by-products	
Minor REVISION comments
