

### Review Form 3

Journal Name:	<a href="#">European Journal of Medicinal Plants</a>
Manuscript Number:	Ms_EJMP_125525
Title of the Manuscript:	Ethnobotany, phytochemistry, pharmacology and therapeutic potential of Su'ad Kūfi ( <i>Cyperus rotundus</i> L.): An insight
Type of the Article	

#### PART 1: Review Comments

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b>	After going through many Unani classical and other published literature, it is concluded that <i>Cyperus rotundus</i> is extensively used for various therapeutic purposes. Several published literatures revealed that different extracts prepared with the rhizome of <i>Cyperus rotundus</i> exhibited various pharmacological activities like antioxidant, anti-obesity, anti-microbial, anti-inflammatory, analgesic, antimalarial, larvicidal, anti-convulsant, anti-ulcer, anti-platelet, anti-diarrhoeal, neuroprotective, etc. which might be due to the presence of numerous secondary metabolites.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	<b>The title of the article suitable</b>	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	<b>The abstract of the article comprehensive</b>	
<b>Are subsections and structure of the manuscript appropriate?</b>	<b>The subsections and structure of the manuscript appropriate</b>	
<b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b>	The prime goal of this review is to provide a scientific basis and classical references for clinical use and further scientific exploration of <i>Cyperus rotundus</i> . The plant has also been explored to treat bronchitis, infertility, amenorrhea, dysmenorrhea, memory loss, renal and vesical calculi, urinary tenesmus, skin diseases, wounds, insufficient lactation, food poisoning, dysuria, vomiting, colic, flatulence, dysentery, intestinal parasites, malaria, etc [11]. Hence, the current review has been carried out to comprehensively summarize the information, including taxonomy, morphology, geographical distribution, traditional uses, phytochemistry, and pharmacological activities of <i>C. rotundus</i> .	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b> =	<b>The references sufficient and recent</b>	

### Review Form 3

Minor REVISION comments		
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	The language/English quality of the article suitable for scholarly communications	
<b>Optional/General</b> comments		

### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
