

Review Form 3

Journal Name:	International Research Journal of Gastroenterology and Hepatology
Manuscript Number:	Ms_IRJGH_124280
Title of the Manuscript:	Effect Of Age On Colonic Damage Induced By Cadmium Exposure On Female Wistar Rats
Type of the Article	Original

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This article aims to show the toxic effect of cadmium on the colon depending on the age of the individual. Through various tests visualizing the impact of this metal and also age as a parameter.	
Is the title of the article suitable? (If not please suggest an alternative title)	the title is simple but describes the objective of the study	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract its comprehensive	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	<ul style="list-style-type: none"> - this article is straightforward in its content, - it is based on tests designed to show the damage caused by cadmium - the histology is clear - lack of relevant and significant results 	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	references are sufficient and many are recent	
<u>Minor</u> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	simple, understandable English	
<u>Optional/General</u> comments		
	The article I find it is not well complete because it misses signs of toxicity the simple example the follow-up of weight in the rats then the follow-up of the general state of the rats because it is important.
