

### Review Form 3

Journal Name:	<a href="#">Journal of Experimental Agriculture International</a>
Manuscript Number:	Ms_JEAI_125281
Title of the Manuscript:	Coconut Growers: Challenges faced and solutions proposed
Type of the Article	Original Research Article

#### **PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The researcher/s is/are commended for taking such kind of research to help understand the challenges faced coconut farmers. The result of this research could be used as reference for policy makers to legislate coconut related policies to help coconut farmers overcome the identified challenges	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, however, the researcher may consider indicating in the title the study locale	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, please refer to the suggestions made in the research article	
Are subsections and structure of the manuscript appropriate?	Yes, however, it is suggested to separate subsection for the discussion part	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	However, it is scientifically robust and technically robus because the title clearly states the research focus, which is on the challenges that coconut growers encounter and the solutions being proposed. It ensures the reader knows the scope of the study, making it easy to understand. It reflects both the problem (challenges faced by coconut growers) and the purpose (proposing solutions), a critical element of scientific research titles. This balance between problem and resolution suggests a well-rounded investigation	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Please refer to the comment provided in the research article	

**Review Form 3**

Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments		

**PART 2:**
