Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The article is structured properly and well written. Addition of studies with similar objective in discussion part could have been more helpful. The overall results can be helpful in understanding patients pain and disability suffering from LBP.	
Is the title of the article suitable? (If not please suggest an alternative title)	The Title is not clear. The aim is evaluating the effects of conventional physiotherapy (CPT) treatment on pain and disability among patients with Chronic low back pain. Hence, the title should be "Effect of Physiotherapy on Pain Intensity and Disability in Patients with Chronic Low Back Pain: A Call for Patients' Awareness to Focus on Physiotherapy Treatment in Cameroon" The title should be in sentence case.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes abstract is okay.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The data collection process is well explained. Although, information about bias is lacking. Statistical analysis is done properly and results are clear. Presentation of data in form of graph would be helpful for readers.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments		

PART 2:
