

**Review Form 3**

Journal Name:	<a href="#">Journal of Advances in Biology &amp; Biotechnology</a>
Manuscript Number:	Ms_JABB_125165
Title of the Manuscript:	<b>The Role and Future Potential of Bio-fertilizers in Indian Agriculture</b>
Type of the Article	<b>Review article</b>

**Review Form 3**

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The subject of the manuscript is very important, overcome all the pollution issues in the agriculture fields	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, but need rewriting avoiding repetition	
Are subsections and structure of the manuscript appropriate?	The sub-section needs re-arrangement, make it easy for the reader to review or read	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Unfortunately, there is no specific methodology followed by the author, I think if the author follow systematic or meta-analysis, will add more values for the manuscript. ( no methodology)	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. -	No, all references need to be not more 5 years published, since the manuscript is considered as review article, so why you didn't concentrate on the more recent publication in this field, most of the references are more than 10 years.	
<b>Minor</b> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Need to be improved	
<b>Optional/General</b> comments	The area and subject are very important and critical, but the way writing the article needs to be improved
