PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript explores the health and nutritional benefits of Moringa oleifera leaf in poultry production. By highlighting the various uses and advantages of Moringa oleifera, it provides valuable insights into the plant's role in enhancing poultry production. This manuscript is particularly relevant in the field of animal nutrition.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the manuscript is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is not comprehensive and does not clearly reflect the content of the manuscript. It should summarize the various subheadings to provide a clear understanding of the review.	
Are subsections and structure of the manuscript appropriate?	<p>The analysis under each subheading does not effectively communicate the merits or demerits of Moringa oleifera in each context.</p> <ul style="list-style-type: none"> - Subheadings 4 and 5, "Moringa oleifera as a traditional medicine" and "Moringa oleifera leaf as a therapeutic use," are nearly identical. These can be merged into "Therapeutic Uses of Moringa oleifera Leaf in Poultry Production" to ensure the review focuses specifically on poultry production rather than generalizing. - Similar issues apply to other subheadings, such as 6 and 7. A suggested subheading for number 6 is "Nutritional Benefits of Moringa oleifera Leaf in Poultry." - I have directly highlighted some of the errors in the manuscript for clarity. - The numbering of the subsections may not be necessary. 	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The authors have used certain non-scientific terms in this manuscript, for instance '@'	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Most of the references are outdated, as the authors base their analysis on the benefits of Moringa oleifera leaf from past to present.

Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	There are lots of grammatical errors, particularly with punctuation and the use of adjectives. The author(s) should correct these errors to improve clarity and understanding.	
Optional/General comments	The conclusion is very scanty and does not adequately reflect the numerous health and nutritional benefits of Moringa oleifera leaf highlighted in the review. The author(s) should expand the conclusion to summarize these benefits comprehensively.
