Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Probably important in the context of Indian production Data had 9 years so with few relevance for itself and in the reference of climatic changes In any case, very poor analysis	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract refers different genotypes and that's not true. Infact we can't even identify the genotype used	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Data had 9 years so with few relevance for itself and in the reference of climatic changes In my opinion the manuscript is very poor, not even a technical note	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are sufficient but mainly from local publications	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	English needs correction	
Optional/General comments
