

Review Form 3

Journal Name:	International Research Journal of Oncology
Manuscript Number:	Ms_IRJO_125610
Title of the Manuscript:	Molecular Diagnosis and Treatment of Soft Tissue Sarcomas
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</p>	<p>The manuscript ***Molecular Diagnosis and Treatment of Soft Tissue Sarcomas*** is highly valuable to the scientific community as it highlights the critical role of molecular tools in improving the accuracy of diagnosis, prognosis, and personalized treatment of these rare and complex malignancies. With the growing understanding of the genetic underpinnings of soft tissue sarcomas, this review serves as an important reference for both researchers and clinicians aiming to apply advanced molecular techniques in clinical practice. I appreciate the manuscript's broad focus on various treatment modalities, but it could have delved deeper into specific recent advancements and precision medicine approaches that have revolutionized the field. Despite this, it provides a solid foundation for understanding the molecular landscape of soft tissue sarcomas.</p>	
<p>Is the title of the article suitable? (If not please suggest an alternative title)</p>	<p>a more focused or engaging title, here are a few alternative suggestions:</p> <ol style="list-style-type: none"> 1. "Advances in Molecular Diagnosis and Personalized Treatment of Soft Tissue Sarcomas" 2. "Molecular Insights and Emerging Therapies in Soft Tissue Sarcomas" 3. "Cutting-Edge Molecular Approaches to Diagnose and Treat Soft Tissue Sarcomas" 4. "The Role of Molecular Pathways in the Diagnosis and Management of Soft Tissue Sarcomas" 5. "From Bench to Bedside: Molecular Innovations in Soft Tissue Sarcoma Treatment" 	
<p>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>Suggestive of an structured abstract</p>	
<p>Are subsections and structure of the manuscript appropriate?</p>	<p>Well structured</p>	
<p>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</p>	<p>Please add upon the future perspectives and the recent novel literature</p>	
<p>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</p>	<p>Yes needed the 2024 article references are missing</p>	

Review Form 3

Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
