<p>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</p>		
<p>Minor REVISION comments</p> <p>Is the language/English quality of the article suitable for scholarly communications?</p>		
<p>Optional/General comments</p>	<p>Comments on the article- Analysis of Jambal Roti Product Development, Case Study at the Original Jambal Roti Kiosk "SR" Pangandaran.</p> <p>There are several mistakes in the article</p> <ol style="list-style-type: none"> 1. Keywords are to be revised, alphabetically; Word like strategies is to be deleted and more meaningful words are to be included. 2. In a scientific research article, terms like "Plastic" should not be used. It has to be mentioned whether LDPE/ HDPE or so... 3. In the introductory part and abstract, it has been mentioned that the primary data were collected by interview and observation. But it is not mentioned in the result, how much percentage of the respondents reacted your questions. Please state, that your statements are based on the responses made by ---% respondent. Inclusion of the details of the respondents like age, gender qualification... etc would have been more meaningful. 4. There are several mistakes in the references <ul style="list-style-type: none"> Format correction in (No7) Incomplete ref (No 11, 15) Names do not match with the text (No 10) Reference missing in the text (Nos 2,12, & 14) 5. The authors could have given more meaningful suggestions to improve the current status . The strength of the unit, given in the last portion should be included in the abstract. 6. All the other corrections are made in the manuscript enclosed
