PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This article lack substance. The writer seems to have vague knowledge about the matter discussed. No Figures and nothing is said about the samples. The article if properly researched will have gone a long way to buttressed the established fact about PVT relations SEE ATTACHMENT	
Is the title of the article suitable? (If not please suggest an alternative title)	I suggested a better topic. See my attached doc	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Need to be written again	
Are subsections and structure of the manuscript appropriate?	No	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	There is not scientific correctness in the work.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Ok but can still add recent one especially in the area of the research
