

Review Form 3

Journal Name:	European Journal of Medicinal Plants
Manuscript Number:	Ms_EJMP_126156
Title of the Manuscript:	FORMULATION AND EVALUATION OF HERBAL BASED HAND SANITIZER
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Alcohol is commonly used as an antiseptic in medicine and is widely available in the market, but the study highlights its negative impacts. This study will be very useful in helping to reduce the use of alcohol to the use of herbal ingredients in nature that have minimal side effects.	
Is the title of the article suitable? (If not please suggest an alternative title)	Suggestions for adding specifications for the name of the main ingredient or base used in the title section. Recommendation Title: a. Formulation and evaluation of herbal-based hand sanitizers with essential oils b. Formulation and evaluation of herbal hand sanitizers based on plants producing essential oil	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Recommendation to add a concise overview of the benefits of herbal ingredients and essential oils and the methods used in taking the base	
Are subsections and structure of the manuscript appropriate?	Yes. The need to add benefits and uses of essential oils need to be listed. Reference recommendations that can be used: DOI: https://doi.org/10.3390/bbiom13071144 DOI: https://doi.org/10.1038/s41598-023-31875-3	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Alcohol-based hand sanitizer content. Plants rich in essential oils are shown. The hydrodistillation procedure is presented.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references section should be improved. The general period of use of journal references is a maximum of 5 years (journals, papers, theses, etc.) and 10 years for textbooks.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes , the quality of the language/English used in this article is good for scholarly communication.	
Optional/General comments	Alcohol is commonly used as an antiseptic in medicine and is widely available in the market, but the study highlights its negative impacts. This study will be very useful in helping to reduce the use of alcohol to the use of herbal ingredients in nature that have minimal side effects.
