

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_126276
Title of the Manuscript:	Influence of Different Nitrogen Concentrations on Growth, Yield, and Yield Attributes of Hydroponically Grown Cherry Tomato"
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The experimental study was good as hydroponic systems allow for more control over environmental factors than soil based systems, such as temperature, exposure to water etc. This can lead to enhance higher yields. Hydroponics can be a sustainable alternative to conventional agriculture. It can improve food security.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	Thanks
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Addition of introductory background information of importance of hydroponics. Discuss the research approach.	Noted
Are subsections and structure of the manuscript appropriate?	Addition of review of literature, discussion and future findings in manuscript.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	<ul style="list-style-type: none"> Follow the same pattern of references in introduction. References were written in different pattern. These should be in the same pattern in manuscript. Some values of graphs and tables are different. 	Revision made
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. -	Add more references in discussion and review of literature probably from 2020 to 2024.	Added
Is the language/English quality of the article suitable for scholarly communications?	Improve the grammar content.	ok
Optional/General comments	<ul style="list-style-type: none"> Use lowercase fonts while writing the formula of nitrate & ammonia. Grammatically mistakes were observed with typographic mistakes. 	Noted

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
