#### **Important Policies Regarding Peer Review**

Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

### Review Form 3

#### PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	It is a good topic .Leaf and fruit extracts often have distinct biochemical compositions, leading to varying pharmacological and therapeutic properties. Understanding these differences can aid in: Medicinal applications,Nutritional supplements,Agricultural practices and Environmental sustainability	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Group 1 should be referred to as the control group, rather than normal control, Additional explanation is needed regarding the separate use of leaf and fruit extracts	
Are subsections and structure of the manuscript appropriate?	Manuscript can be improvised by,  1.Reducing repetition 2. Increasing clarity 3. Adding ethics approval 4. Enhancing visuals-histology pictures not visible,graph not able to understand 5. Boosting readability 6. Expanding discussion"	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The topic has potential, but needs clearer explanation	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	It is recommended that the reference list be revised to include a more substantial proportion of recent publications, currently underrepresented with only 7 of 37 references from the past 5 years. This update will augment the credibility and relevance of the research. Furthermore, adopting a uniform citation style throughout will enhance consistency and clarity	
<u>Minor</u> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Minor changes can make a big difference in clarity and accuracy	
<u>Optional/General</u> comments		

#### PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
