Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Sincere re-organization of manuscript is required. Some additional information on emphasised work like aloe vera is to be incorporated	
Is the title of the article suitable? (If not please suggest an alternative title)	Title is suitable but text is not in line to title	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Need modifications, either title is to be changed or re-organization of manuscript is required	
Are subsections and structure of the manuscript appropriate?	No subheadings are little confusing, structure is to be changed	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Fig 1 ..what is there in first box..not visible Heading 2. Coatings should be written not coating Table 1 : no correlation between fig 1 and table 1 Table 3 : NA in the table is not clear if the data is not available why it is kept ? if no coating is there where the fruit is dipped in ? Table 3 can be placed in introduction part as it covers general observation not specific (Aloe Vera and Sodium Alginate) Topic covered is good but lack of structure is found in manuscript. Can be rewritten in a more organized manner. Whatever is explained in title and abstract, is not well connected with flow.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. -	References are ok.
