

**Review Form 3**

Journal Name:	<a href="#">Journal of Engineering Research and Reports</a>
Manuscript Number:	Ms_JERR_126182
Title of the Manuscript:	<b>Real-Time Data Governance and Compliance in Cloud-Native Robotics Systems</b>
Type of the Article	<b>Conceptual &amp; academic Dissertation</b>

**Review Form 3**

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</p>	<p>Data governance helps ensure that organizations adhere to legal and regulatory requirements, reducing the risk of costly fines and penalties.  <b>Better Decision-Making:</b> High-quality, well-governed data enables more accurate analysis and informed business decisions.            Cloud governance is a set of rules and policies adopted by companies that run services in the cloud. The goal of cloud governance is to enhance data security, manage risk, and enable the smooth operation of cloud systems.</p>	
<p>Is the title of the article suitable? (If not please suggest an alternative title)</p>	<p>Relevant and Apt Title</p>	
<p>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>The benefits of cloud security and governance could have been included.</p>	
<p>Are subsections and structure of the manuscript appropriate?</p>	<p>Yes much appropriate</p>	
<p>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</p>	<ul style="list-style-type: none"> <li>✓ Importance of data governance could have been included.</li> <li>✓ This article explores the intersection of data governance and cloud computing, delineating the evolving challenges, key components, and practical strategies in this dynamic environment.</li> <li>✓ The discussion encompasses critical aspects such as data classification, access controls, encryption, and lifecycle management, focusing on compliance issues and addressing data residency concerns.</li> <li>✓ The article highlights successful implementations of cloud-based data governance and anticipates future trends, including the role of emerging technologies like artificial intelligence.</li> <li>✓ By presenting a comprehensive overview, this article serves as a valuable guide for organizations navigating the complexities of data governance in the age of cloud computing</li> </ul>	
<p>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</p>	<p>Sufficient</p>	

### Review Form 3

Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	NA	
Optional/General comments	GOOD ATTEMPT	

### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

### **Reviewer Details:**
