

### Review Form 3

Journal Name:	<a href="#">Journal of Scientific Research and Reports</a>
Manuscript Number:	Ms_JSRR_126371
Title of the Manuscript:	Agricultural Water Conservation Methods: Application, Difficulties, and Innovation
Type of the Article	Review Article

#### PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This article highlights the importance of agricultural water conservation for a growing demand due to increase in population. This manuscript also highlighted the importance of rising temperature and droughts occurring on the water availability. Water conservation was the key aspect of this manuscript which address the problems in the society.	
Is the title of the article suitable? (If not please suggest an alternative title)	Little modification is required <b>Agricultural Water Conservation Methods: Application, Difficulties, and Innovation: A systematic review</b>	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Please rephrase the following to make it brief. "Precision agriculture is one of the sophisticated agronomic strategies used in modern agriculture that may conserve water. Precision agriculture is one of the sophisticated agronomic strategies used in modern agriculture that may conserve water"  <b>Also include some data from previous literature to support the abstract</b>	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Manuscript is scientifically correct and highlights the issue of water scarcity and deals with water conservation in agriculture. It also describes the issue and challenges in agricultural water management. Rainwater harvesting is also discussed in the manuscript which is vital for water conservation.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are sufficient and updated till 2023. It is advised to add few references from current year study (2024)	
<u>Minor</u> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Accepted with minor revision	
<u>Optional/General</u> comments
