Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

### Review Form 3

#### PART 1: Review Comments

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript is very important for the scientific community because <ol style="list-style-type: none"> <li>1. there are a lot of artisanal gold mining activities in most African countries that needs more attention to avert its negative repercussions.</li> <li>2. foods in such communities are affected negatively and create a lot of health hazards to the individuals in such communities.</li> <li>3. Scientific paper like this will consider such activities in relations to food security</li> </ol>	
Is the title of the article suitable? (If not please suggest an alternative title)	<b>Suggested title</b> Food Security Status in The Artisanal Gold Mining Communities of Ikolomani and Kakamega in Kenya.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is robust and comprehensive enough for the article	
Are subsections and structure of the manuscript appropriate?	Subsections and structure of the manuscript is appropriate	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This manuscript is scientifically correct and robust because <ol style="list-style-type: none"> <li>1. it broadens the horizon of artisanal gold mining activities and its consequences.</li> <li>2. It details the consequences of AGMC on food security</li> <li>3. Again it suggests better alternative to AGMC so as to ensure food security.</li> </ol>	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are sufficient and recent enough for the this manuscript	
<b>Minor</b> REVISION comments	The English is quality and suitable for scholarly communication.	
Is the language/English quality of the article suitable for scholarly communications?		
<b>Optional/General</b> comments		

#### PART 2:
