PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	It helps to Researching various brands of Kachai lemons sold online, which will help in understanding the market demand, competition, and potential areas for expansion. It helps to identify the opportunities and obstacles faced by farmers cultivating Kachai lemon, which will help in understanding the crop's agribusiness potential. It can help reduce post-harvest spoilage, ensuring higher returns for farmers and minimizing food waste. It provides information for agribusiness to farmer.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, that's a suitable title! Alternative Title - Kachai Lemon: A Treasure Trove of Nutrition and Medicinal Properties - An Exploratory Study on its Agribusiness Potential	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is quite comprehensive and provides a good overview of the study. However, I suggest a few modifications to make it even more informative and concise: - In the last sentence, instead of listing multiple agencies and institutions, consider summarizing it as "support from relevant agencies and institutions" to make it more concise. - If possible, try to condense the abstract into a single paragraph, as it's typically more effective. - You may also want to highlight the unique aspects of Kachai lemon, such as its nutritional	
Are subsections and structure of the manuscript appropriate?	Need to improve	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	- The manuscript provides a comprehensive overview of Kachai lemon, its nutritional and medicinal benefits, and its economic importance, citing relevant sources to support the information. - The manuscript clearly states the research objectives, methodology, and findings, indicating a well-structured and systematic approach to the study. - The use of descriptive analysis and SWOT analysis indicates a thorough examination of the data and a comprehensive understanding of the strengths, weaknesses, opportunities, and threats related to Kachai lemon agribusiness. - The manuscript highlights the importance of value addition and processing in reducing post-harvest	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, sufficient but need to add recent references.
