Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The topic is important in the contemporary times. Integrating Sustainable Construction Practices for a better future is the need of the times and is relevant.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	No, the abstract suggests more what is described in the paper. So I expect the author to relook and cover all aspects as suggested.	
Are subsections and structure of the manuscript appropriate?	Subsections need to be more elaborate and should cover all as stated in abstract	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The paper is correct for the information stated but the interest of the reader lies in reading more about global practices. Changes coming in contemporary times. How is it different from previous centuries. The builders/ laws exemplifying the same which is missing, How the international organisations different groups, NGOS, individuals are wanting to big the chaneg	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	More visual presentation in terms of diagrams etc required
