

Review Form 3

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_JSRR_124423
Title of the Manuscript:	Effect of different nitrogen levels and plant growth regulators on stomatal resistance, leaf temperature and transpiration rate and yield of banana cv Ney Poovan
Type of the Article	Original Research Article

PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Nitrogen (N) is an essential nutrient for plants and plays a fundamental role in their growth, development, and overall productivity. It's a primary component of amino acids, proteins and enzymes, nucleic acids, chlorophyll, and many other vital plant molecules. Here's a detailed overview of the roles of nitrogen in plant growth and development	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Nitrogen (N) is an essential nutrient for plants and plays a fundamental role in their growth, development, and overall productivity. It's a primary component of amino acids, proteins and enzymes, nucleic acids, chlorophyll, and many other vital plant molecules. Here's a detailed overview of the roles of nitrogen in plant growth and development	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Author is advised to add some of the updated references and some o the relevant photographs of crop in filed	
<u>Minor</u> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General</u> comments	Having the ample scope for further study with another Cultivars	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
