

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_125770
Title of the Manuscript:	Impact of row configuration and biofertilizers on yield and quality of sorghum (<i>Sorghum bicolor</i> (L.) Moench.) intercropped with cowpea in the Southern Laterites of Kerala, India
Type of the Article	Original Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript was an interesting, due its combination of different factors intercropping and bio-fertilizers and planting row configuration.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title was concise, descriptive and clear for to me.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, but needs amendments. Lack of arrangement on methodology and result parts. On other hand it should be written in italic. Also the Key words rearranged alphabetical order.	
Are subsections and structure of the manuscript appropriate?	To some extent, it needs improvement as indicated of the document, especially methodology parts.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript was written well, but it has some correction on introduction, materials and methods, results and discussion parts, lack of citation and bridging the findings with previous work.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No, they are limited and majority of them are very old. It need recent references for further strengthening his/her study.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes Well written!!!! Minor errors were found!!!!	
Optional/General comments		
	Soil Physical and chemical properties of the give site must be identified well to see the influence of the given factors on the given parameters. Unless the finding has lack of rationality.
