

### Review Form 3

Journal Name:	<a href="#">Asian Research Journal of Agriculture</a>
Manuscript Number:	Ms_ARJA_123488
Title of the Manuscript:	Effect of Integrated Nutrient Management on Bulb Yield and Economic Return of Onion ( <i>Allium cepa</i> L.) at Selekleka, Northwestern Zone of Tigray, North Ethiopia
Type of the Article	

#### **General guidelines for the Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:

#### **Important Policies Regarding Peer Review**

Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

### Review Form 3

#### **PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b>	The nutrient management is the important role for the crop yield. The research findings will helpful to reduce the cost of production. This study influences the commercial setting in the future.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	There are no changes in the title.	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	The abstract is the major part of a research paper. So kindly check the grammatical mistakes in the abstract and design based on the ARJA- journal author guidelines.	
<b>Are subsections and structure of the manuscript appropriate?</b>	The structure of the manuscript should require a revision and the author should design the manuscript following the guidelines of the ARJA format	
<b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b>	Revision required to change the manuscript format preparation should follow based on ARJA- Journal format author guidelines	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	Reference should change based on the ARJA- Journal format following the author's guidelines	
<b>Minor</b> REVISION comments <b>Is the language/English quality of the article suitable for scholarly communications?</b>	The English quality of the paper written is poor. So kindly give more attention to the English quality for the manuscript writing.	
<b>Optional/General</b> comments	The structure of the manuscript preparation should follow based on ARJA- Journal format author guidelines The scientific paper requires more attention for language writing To check the reference and follow based on ARJA- Journal format author guidelines	

#### **Editorial Comments (This section is reserved for the comments from journal editorial office and editors):**

	Author's Feedback
You are hereby suggested to include following recent references to improve the quality of the manuscript.  Singh V, Pandey M. Effect of integrated nutrient management on yield of and nutrient uptake by onion and on soil fertility. Journal of the Indian Society of Soil Science. 2006;54(3):365-7. <a href="https://www.indianjournals.com/ijor.aspx?target=ijor:jisss&amp;volume=54&amp;issue=3&amp;article=021&amp;type=pdf">https://www.indianjournals.com/ijor.aspx?target=ijor:jisss&amp;volume=54&amp;issue=3&amp;article=021&amp;type=pdf</a>  Dilpreet T. Growth, yield and quality of onion as influenced by integrated nutrient management.
