|---|--|---|
| Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part. | | |
| Is the title of the article suitable? (If not please suggest an alternative title) | Yes | |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here. | Yes | |
| Are subsections and structure of the manuscript appropriate? | Yes | |
| Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part. | | |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. | Yes | |
| Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications? | It needs to be revised and improved. | |
| Optional/General comments | <ol style="list-style-type: none"> 1. Numbering the manuscript's lines would be better to facilitate the reviewing process. Please consider that in the revised version. 2. I suggest adding the following updated reference that is in harmony with this sentence "Wheat is a key staple food that provides around 20 percent of protein and calories consumed worldwide (Khater et al., 2023). http://dx.doi.org/10.1016/j.jafr.2023.100738 3. The manuscript includes some grammatical and typos issues. Please revise the manuscript well. 4. What about the limitations of this study? The authors should mention the study's limitations. 5. The conclusion section is too short and needs to be improved by adding the important results and the recommendations to this section. 6. The references list should be formatted according to the journal's guidelines, and this section needs to be revised in terms of formatting. | |

Review Form 3
