**PART 1: Review Comments**

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p><b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b></p>	<p>This manuscript is aim to investigate the used of <b>agriculture by-product</b> as an ingredient for the livestock feed (layer birds) which can contribute to <b>minimize the impact of waste to the environment</b>. And also help with <b>reducing the feeding cost</b> of livestock, thus lowering the cost of end product of the farm.</p>	
<p><b>Is the title of the article suitable? (If not please suggest an alternative title)</b></p>	<p>The title is fine</p>	
<p><b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b></p>	<p>Please state clearly <b>the starting age</b> of the animal used in this study. Please briefly include <b>the aim/objective</b> of this study in the abstract In line</p>	
<p><b>Are subsections and structure of the manuscript appropriate?</b></p>	<p>Yes, they are arrange in a appropriate structure. However, in the Introduction, the author can <b>separate the DDGS paragraph (making it another sub-heading)</b></p>	
<p><b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b></p>	<p>The idea of this study is good. However, in the commencing of the study/experiment, the author should <b>weight all the birds before</b> starting the experiment. The treatment groups <b>should be randomly assign</b>. The author also not clearly stated <b>the design of this experiment</b>.</p>	
<p><b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b></p>	<p>Yes, the reference <b>is sufficient</b> for this study</p>	
<p><u>Minor</u> REVISION comments</p> <p><b>Is the language/English quality of the article suitable for scholarly communications?</b></p>	<p>Yes, it is <b>understandable and suitable</b> for scholarly communication</p>	
<p><u>Optional/General</u> comments</p>	<p>The idea of this study is good. It's can be improved if the author <b>can provide with the weight of the birds</b> itself. In the materials and method section, please provide <b>more detailed on when the eggs was sampled</b>, at the morning or any time of the day. The feed intake also important, since this is a feeding experiment. <b>How much did the birds take the feed</b>, do the like it or rejected it? Is there <b>adaptation period</b>, before introducing the DDGS feed?</p>
