PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	There have been several previous articles which have discussed the detrimental effects of EDTA on the microhardness and flexural strength of dentin. Hence the current article doesn't provide any novel information.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the article doesn't provide any information on the content of the article – the type of study, the intervention, agents. It needs complete revision.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract can be more specific	
Are subsections and structure of the manuscript appropriate?	There is need for grammatical corrections. Apparently looks like the draft copy has been submitted without any revision.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	I do not think that the article is scientifically robust.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.
