PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	It spots a light on an emerging health problems , affecting fishing workers .The cornerstone for any problem is to admit the problem , then to search for a solution through scientific working and collecting Data .Analysing the data leads the way to find a solution for the problem and treatment for the disease.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, it is informative but needs to be more concise .	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It needs to include less statistics, with more steps in methodology to be clarified .	
Are subsections and structure of the manuscript appropriate?	Yes but needs to include recommendations for further studies	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The sample study needs to be more large to increase the scientific accuracy and to build on it for a better recommendations to this common heath care problem.The result needs to be more discussed .The study needs to be on a wider scale outside guinea .	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No problems in the references but I prefer Vancouver style	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments
