Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Alcoholism is a very common problem in most of geographic areas in the world, and the biochemical abnormalities highlighted in the study are also the common complications upon chronic alcohol use. It will be of great benefit for the population because the watermelon seeds are the cheap substance if it is found beneficial for the treatment.	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It is comprehensive. No addition required.	
Are subsections and structure of the manuscript appropriate?	yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Alcoholism is a very common problem in most of geographic areas in the world, and the biochemical abnormalities highlighted in the study are also the common complications upon chronic alcohol use. It will be of great benefit for the population because the watermelon seeds are the cheap substance if it is found beneficial for the treatment.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References are too outdated. References from past five years are most appropriate for their incorporation.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes.	
Optional/General comments	References section should be corrected and more than 5 years old references should be deleted.	

Review Form 3
