

**Review Form 3**

Journal Name:	<a href="#">Asian Journal of Medical Principles and Clinical Practice</a>
Manuscript Number:	Ms_AJMPCP_123916
Title of the Manuscript:	<b>Histomorphological and Biochemical Evaluation of the Effect of Hydroethanolic Extract of Datura metel Seed on the Testes and Ovaries of Male and Female Albino Rats.</b>
Type of the Article	<b>Research article</b>

### Review Form 3

#### PART 1: Review Comments

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	In title of manuscript , must add lead acetate to article title due to group 2 using that it , and add abbreviation list (SOD, CAT, GST)...etc. and put pointers on figures	
Is the title of the article suitable? (If not please suggest an alternative title)	I suggest change the title to (Histomorphological and hormonal assay study of the Effect of Hydroethanolic Extract of Datura metel Seed and lead acetate on the Testes and Ovaries of Male and Female Albino Rats.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, comprehensive , I suggest add results of lead acetate	
Are subsections and structure of the manuscript appropriate?	yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	I suggest on author add leydig cells of testes during histological pictures, because affected by substances and appeared during microphotograph in addition sertoli cells (supported cells)	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, sufficient	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Good , accepted	
<b>Optional/General</b> comments		
	I hope from author , use more stains for examples (periodic acid schiff and alcian blue ....etc)
