

Review Form 3

| | |
|--------------------------|---|
| Journal Name: | Asian Journal of Advanced Research and Reports |
| Manuscript Number: | Ms_AJARR_121949 |
| Title of the Manuscript: | An Evaluation of Anti-hyperlipidemic Activity of Ethanolic extract of Terminalia arjuna on High Fat Induced Hyperlipidemic Rat Model |
| Type of the Article | Original Research Article |

Review Form 3

PART 1: Review Comments

| Compulsory REVISION comments | Reviewer's comment | Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|--|---|
| Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part. | The manuscript is based on new findings of anti-hyperlipidemic property of Terminalia arjuna tree. It is tested on high fat induced hyperlipidemic rat model. This is new area of research where other alternative of statins is searched. So this can be useful in making more effective & suitable drugs for lipid(fat) influenced diseases like cardiovascular diseases. | |
| Is the title of the article suitable? (If not please suggest an alternative title) | Yes, it is suitable. | |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here. | Yes, but need some clarity. Need some correction in Introduction section. Like more correct sentences. | |
| Are subsections and structure of the manuscript appropriate? | Yes | |
| Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part. | As this research is effective alternative for statins which are costlier & some negative impacts. So, this anti-hyperlipidemic property of Terminalia arjuna tree can be used for making medicine is suitable & more effective medication for cardiovascular diseases/or other similar diseases. So, this manuscript is scientifically robust & technically sound. | |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. | Yes | |
| Minor REVISION comments | | |
| Is the language/English quality of the article suitable for scholarly communications? | No, there is need to improve sentences grammatically. Need to improve punctuations of article. | |
| Optional/General comments | Few more relevant and recent explanations on the discussion part can be added. Table legends are required to revise for more clarity. Abbreviations are required to add as foot notes of the manuscript. statistically significance should be shown by alphabets. Conclusion should be revise with future prospects. Uniformity in reference section is required. | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|--|--|
| Are there ethical issues in this manuscript? | <i>(If yes, Kindly please write down the ethical issues here in details)</i> | |
