PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The case study deals with sustainability of women empowerment programs, which is important nowadays. Many schemes, especially in developing nations, which are started with full zeal, are unable to be sustained due to various reasons, including a lack of proper planning. The author emphasizes developing a model and prioritizes result-oriented empowerment programs that will be effective in the long run. He/She has pointed out the impact of empowerment programs and given suggestions and strategies.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, it is suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, the abstract is comprehensive.	
Are subsections and structure of the manuscript appropriate?	Yes, the subsections and structure of the manuscript are appropriate	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The author has used Snowball and purposive sampling together to overcome the drawbacks of each method. The usage of both qualitative and exploratory is appropriate for the case study method article. He/She has used both primary and secondary data collection, which I find appropriate for building the model for sustainable empowerment.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, the references are sufficient	
Minor REVISION comments
