|--------------------------|---|
| Journal Name: | Journal of Complementary and Alternative Medical Research |
| Manuscript Number: | Ms_JOCAMR_122990 |
| Title of the Manuscript: | Moringa oleifera supplement for HIV/AIDS patients is safe but does not influence the CD4+ and CD8+ t-cell patterns |
| Type of the Article | Original Research Article |

Review Form 3

PART 1: Review Comments

| Compulsory REVISION comments | Reviewer's comment | Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|--|---|
| Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part. | The study may be significant in view of the fact that many HIV patients in developing countries opt for traditional medicine, <i>Moringa oleifera</i> being one of the most common plant used. | |
| Is the title of the article suitable? (If not please suggest an alternative title) | <i>Moringa oleifera is safe, did the author do any toxicological studies, other than renal function?</i> | |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here. | Yes | |
| Are subsections and structure of the manuscript appropriate? | Yes | |
| Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part. | Which antiretroviral drugs were the patients using? Do they cause any renal toxicity? Does <i>Moringa oleifera</i> supplementation provide renal protection? | |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. | The authors may include a systematic review by Waruguru, P., Mulwa, D. W., Okoth, M., & Bor, W. (2023). <i>Moringa oleifera</i> regulates the health of people living with HIV in developing countries: a systematic review. <i>African journal of AIDS research</i> : <i>AJAR</i> , 22(3), 247–252. https://doi.org/10.2989/16085906.2023.227789 | |
| Minor REVISION comments | | |
| Is the language/English quality of the article suitable for scholarly communications? | Yes | |
| Optional/General comments | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|--|--|
| Are there ethical issues in this manuscript? | <i>(If yes, Kindly please write down the ethical issues here in details)</i> | |
