

**Review Form 3**

Journal Name:	<b>South Asian Research Journal of Natural Products</b>
Manuscript Number:	<b>Ms_SARJNP_122628</b>
Title of the Manuscript:	<b>HPLC Profiling and Evaluation of Anti-inflammatory, Antioxidant and Analgesic Activities of Funtumia africana (Benth) Leaf Extract</b>
Type of the Article	<b>Original Research Article</b>

## Review Form 3

### PART 1: Review Comments

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b></p>	<p>This manuscript is giving the detailed report of constituents and the effect of constituents showing Anti-oxidant activity, Anti-inflammatory, &amp; Analgesic activities of Methanolic extract of <i>Funtumia africana</i> (Benth) Leaf Extract. We often work and extract different flavanoids from different sources, this article shows HPLC profiling of 30 different flavanoids in a single plant with same solvent . The best part of this manuscript is HPLC profiling estimating different flavonoid types . Here, The manuscript doesn't include the animals permission ,it's necessary to mention the details of animal permission in the manuscript. Which particular constituent shows Analgesic ,Anti-inflammtory, Anti-oxidant activities if mentioned would be meaningful.</p>	
<p><b>Is the title of the article suitable? (If not please suggest an alternative title)</b></p>	<p><b>ARTICLE TITLE IS PERFECT NO CHANGE</b></p>	
<p><b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b></p>	<p>Article is comprehensive, but it is needed to mention one sentence atleast of plant profile &amp; phytochemical screening. Mention specific constituent for ihibition of FREE RADICALS. Overall, Abstract is okay, need to add some mentioned points</p>	
<p><b>Are subsections and structure of the manuscript appropriate?</b></p>	<p>A separate Section mentioning Materials and Methods should be included. If you mention specific section of Materials &amp; Methods ,it would be easy for the reader about which method you followed &amp; directly they move in to Results section without following all the methodology.</p>	
<p><b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b></p>	<p>This manuscript is including the quantification of different constituents by HPLC method &amp; different methods are performed for each activity like free radical scavenging activities by 2 methods, Analgesic activity by different methods etc. Finally, the work performed was not gone awry &amp; it gave results and plant extract has number f constituents showing various activities. Usage of HPLC method is technically sounding.</p>	
<p><b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b></p>	<p>If you search for plant profile &amp; mention plant profile data in the manuscript, reference is to added. So, add references in the section. On checking in detail ,HPLC related analysis is t be included &amp; add reference for this.</p>	
<p>Minor REVISION comments</p> <p><b>Is the language/English quality of the article suitable for scholarly communications?</b></p>	<p>Yes.</p>	
<p><b>Optional/General</b> comments</p>		

**Review Form 3**

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

**Reviewer Details:**

Name:	<b>Heena Parveen</b>
Department, University & Country	<b>Malla Reddy College of Pharmacy, India</b>
