### Review Form 3

#### **PART 1: Review Comments**

| <b>Compulsory</b> REVISION comments  | <b>Reviewer's comment</b> | <b>Author's Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|--|---------------------------|--|
| <b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b>                        |                           |  |
| <b>Is the title of the article suitable? (If not please suggest an alternative title)</b>  |                           |  |
| <b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>   |                           |  |
| <b>Are subsections and structure of the manuscript appropriate?</b>  |                           |  |
| <b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b> |                           |  |
| <b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>   |                           |  |

**Review Form 3**

|  |   |  |
|--|---|--|
| <p>Minor REVISION comments</p> <p><b>Is the language/English quality of the article suitable for scholarly communications?</b></p> |   |  |
| <p><b>Optional/General</b> comments</p>  | <p>COMMENTS</p> <p>The authors have tried to describe the relationship between Scientific Management Practices followed by fish Farmers with their Socio-economic Profile Characteristics</p> <p>It is important if they consider reorganizing the topic as:<br/>Assessing the impact of scientific fisheries management practices on fish farmers' socio-economic profile in Raichur, Karnataka</p> <p>The introduction is limited and need to be enhanced by adding more literature, the methods, results description and presentation need redress.<br/>More of the comments are as in the report<br/>Title: Reduce the font to 18<br/>Abstract<br/>Line 5, Authors to consider changing the word assesses to singular<br/>Keywords: authors to check spellings of profie I think should be profile<br/>Reduce number of keywords to at most 8 words.</p> <p>Introduction:<br/>Change heading for introduction to capital letters<br/>What were –should be clearly stated the specific objectives of the study?<br/>Paragraph1, Line 1: Agriculture in India plays change to “Play”.,<br/>Line 2: add article a before major, plays to singular, delete article the before food<br/>Rephrase sentence 2 to improve readability<br/>Stabilize food supplies? Could it be supply?<br/>Paragraph2. Line 1 delete article the before majority<br/>Authors Consider revising the citation format in the whole document starting from [1], [2] [3]..... in order</p> <p>Methodology<br/>Authors need to elaborate on how the Ex-post-facto research design was used, thus how information was obtained from different groups of participants.<br/>Elaborate description on how analysis was done in missing.<br/>Par 1 L3 from bottom change the word perasons to pearson’s also in the sub-title before equation 1.<br/>Authors to explain how data was collected and the materials used.<br/>Authors to consider numbering the equations.<br/>Authors to consider giving a map for the study area.<br/>There is no numbering of equations, and reference of symbols/ letters is missing for Karl pearsons correlation coefficient.<br/>Line 2 from bottom delete the repeated word “to”</p> <p>Results<br/>Generally, presentation of the results is wanting. The authors need to present the results based on the specific objectives formulated in the introduction. There is a mix of the sections i.e. 3.1 is missing,<br/>Authors to describe the results before the tables, also to cite/ refer Tables in the text.<br/>Table 4. Contents in column of independent variable to be justified left<br/>Section 3.4 consider deleting the repeated word “media”, change individuals to individual’s<br/>There are no discussions coming out clearly from the manuscript.<br/>Section 14.<br/>Authors need to indicate clearly if it is cosmopoliteness, Cosmo politeness / Cosmopolitan<br/>Nevertheless means what?</p> <p>References<br/>Authors to use one consistence referencing style</p> |  |
