Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Choosing the appropriate sowing time and selecting suitable cultivars are crucial for achieving higher wheat yields which can benefit the farmer community under varied climatic conditions	
Is the title of the article suitable? (If not please suggest an alternative title)	As the manuscript goes it is appropriate for this Review	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is good while I found certain addition and deletions...I have done that	
Are subsections and structure of the manuscript appropriate?	Good	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	I think this manuscript is good to publish as I found it sound, well written and most important thing is that changing in sowing dates according to the climatic conditions is itself a good attempt to help the farmers of that region instead of getting lower yields...	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Sufficient	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Definitely yes	
Optional/General comments	I think after adding minor mistakes it is fit for publication
