

Review Form 3

Journal Name:	Journal of Advances in Medicine and Medical Research
Manuscript Number:	Ms_JAMMR_123766
Title of the Manuscript:	Duration Of Post-Operative Antibiotic Treatment in Acute Complicated Appendicitis: A Systematic Review
Type of the Article	SYSTEMIC REVIEW

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Discussion is not as per standard of systemic review and one can not make out conclusion from discussion. The discussion and conclusion are not in line.	
Is the title of the article suitable? (If not please suggest an alternative title)	Title needs review, should be more clear, understandable for all readers and should be crispy	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	No – one can not make out significance of this review and make out conclusion after reading abstract. The abstract is not a face of review.	
Are subsections and structure of the manuscript appropriate?	Needs revision	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Only 13 papers were included which are insufficient keeping in view significance of this topic in my view. Proper rational/justification of this analysis was not given and how it affect the present knowledge and skills should be included Discussion is the weakest part of this manuscript, not written with proper rational/justifications and comparison is not done in scientific way to reach a conclusion One can not make out conclusion clearly after reading discussion	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	More literature should be added	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Grammar and construction of sentences and continuity of sentences should be reviewed at places	
Optional/General comments		

Review Form 3
