Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Understanding how maternal diabetes impacts orofacial development can inform clinical practices and early interventions, ultimately improving health outcomes for affected infants. I appreciate the study's focus on a specific population, which provides valuable context and relevance, especially in a country like Brazil where diabetes prevalence is increasing. However, the manuscript could benefit from a more extensive discussion on the long-term implications of these findings, as this would enhance its applicability and importance in ongoing research and clinical settings.
