

Review Form 3

Journal Name:	Journal of Materials Science Research and Reviews
Manuscript Number:	Ms_JMSRR_123528
Title of the Manuscript:	Bio Based Coatings for Packaging Paper Applications - A Brief Technology Review
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (<i>Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here</i>)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.		
Is the title of the article suitable? (If not please suggest an alternative title)		
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.		
Are subsections and structure of the manuscript appropriate?		
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.		
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =		

Review Form 3

<p>Minor REVISION comments</p> <p>Is the language/English quality of the article suitable for scholarly communications?</p>		
<p>Optional/General comments</p>	<ol style="list-style-type: none"> 1. Some grammatical and orthographic errors were observed in the manuscript. The text needs to be improved in terms of spelling and writing. 2. Future perspective of novel biomaterials that are not widely used at this time but have shown promising features and are going to be used in the future would add value to the manuscript. 3. The reported procedures in each part should be in past form. In the file, some sentences were in past form, and some were in present form. This irregularity should be fixed. 4. The references should be in this journal format in the manuscript. Some non-uniformity in the references style was observed in the text. The whole text should be checked. 5. Some editing errors were observed in the manuscript. For example, between □ or % and the reported number should not be a space, and before adding references a space must be inserted after the last word of the sentence. 6. The following articles may be considered: https://doi.org/10.1016/j.ijbiomac.2023.125134 , https://doi.org/10.1016/j.ijpharm.2023.123207 https://doi.org/10.1016/j.molliq.2024.125563 https://doi.org/10.1007/s12668-024-01426-9 https://doi.org/10.1016/j.mtcomm.2024.108724 https://doi.org/10.1016/j.ejmcr.2024.100171 https://doi.org/10.1007/s12668-024-01376-2 https://doi.org/10.1016/j.jddst.2024.105592 7. The investigation of the copolymers used for this purpose would be valuable. 	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
