The paper is ok for publication.

The sentence “to know/understand the job- involvement of AWWs and AWHs – the grass-root functionaries of ICDS scheme“ could be the purpose/aim of the study, and, in parallel, to create 2/3 specific research objectives (in method section) such as: “to investigate the distribution of AWWs with respect to xx variables/factors”, “ to use the xx scale in order to investigate xxx”, “ to explore the link between xx and xx factors”.
