

Review Form 3

Journal Name:	Asian Journal of Research in Crop Science
Manuscript Number:	Ms_AJRCS_124462
Title of the Manuscript:	DETERMINATION OF OIL CONTENT AND FATTY ACID COMPOSITION OF TEA PLANTS AT PLANTATIONS IN THE BLACK SEA REGION
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	In this research authors discussed the fatty acid composition and oil content of <i>C. sinensis</i> seeds collected from different locations at the Northern Black Sea region. Respectably, the authors have thoughtfully gone through relevant literatures in framing the critical objective, as presented in this section. This is good compilation.	
Is the title of the article suitable? (If not please suggest an alternative title)	Its ok	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Its ok	
Are subsections and structure of the manuscript appropriate?	appropriate	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	<ul style="list-style-type: none"> In the methodology section write the names of adopted methodology properly. This section need to improve. In the results section given table 2 and 3 the result values show in proper unit and all the values put in the comma i.e. 19,4. Is it 19.4? Please check all the values and write in proper digital form. In Table 3: Fatty acid composition of collected tea samples kindly use unit and use the <u>DMRT for data interpretation</u> (you did statistically analysis). The authors may to go through the pdf file of their article and brush up one or two spellings as indicated on the text or otherwise could be taken care at the editorial level. 	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	<ul style="list-style-type: none"> In the reference section: new reference could be used. 	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments	This research article has obvious merits and may be revised thoroughly as per given suggestion and further it may consider for publication provided the article fulfils the true format of the journal in view of the editor.
