

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_121252
Title of the Manuscript:	Effect of different altitudinal zones on growth parameters of Garcinia indica (Choisy) in Uttara Kannada
Type of Article :	Research article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The manuscript can be considered a scientific report rather than a research article. There is a lack of parameters measured and analysis to be referred as a research article. The writing is also poor. In defence of maintaining the journal's quality, I must reject the manuscript.
