Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This article shows the importance of awareness of the Gout in the public. The more knowledge of the common diseases can reduce the progression and complications of the disease. I believe author wants to provide awareness about the disease by analysing the public knowledge, practice and attitude. And Pharmacist play a major role in providing the awareness.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is good but they can slight modify with some medical terminologies.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	I believe abstract need to be only 250 words. Author need to modify the words and brief about the research work.	
Are subsections and structure of the manuscript appropriate?	yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This article is about analysing the pharmacist knowledge, attitude and practice towards gout. Scientifically article is about importance of knowing the disease and the drugs which are associated. Pharmacist plays a major role in providing awareness to the public since gout needs long term treatment, public need to be aware about drugs and its complications. So this article is useful in providing such benefits by analysing the pharmacist knowledge towards certain conditions.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	nil	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments	nil
