

Review Form 3

Journal Name:	South Asian Journal of Research in Microbiology
Manuscript Number:	Ms_SAJRM_123524
Title of the Manuscript:	Occurrence and distribution of antibiotic resistant bacterial genes in agricultural lands of Japan, Indonesia and Philippines
Type of the Article	Short Research Article

General guidelines for the Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</p>	<p>-The manuscript addresses a significant public health issue, providing insights into distribution of antibiotic resistant bacterial genes in agricultural lands of Japan, Indonesia and Philippines. This information is valuable for designing targeted interventions to reduce antibiotic resistance through fields. The study can provide valuable insights for control and management of this ever concerned emerging issue.</p>	
<p>Is the title of the article suitable? (If not please suggest an alternative title)</p>	<p>The title is appropriate</p> <p>The suggested titles –</p> <p>Occurrence and distribution pattern of antibiotic resistant bacterial genes in agricultural lands of Japan, Indonesia and Philippines</p> <p>Emergence of antibiotic resistance in agricultural lands of Japan, Indonesia and Philippines</p>	
<p>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>Yes</p> <p>The keywords must be a single letter</p> <p>The key word must start with capital letters</p>	
<p>Are subsections and structure of the manuscript appropriate?</p>	<p>Yes, but needs more details in some sections.</p> <p>Conclusion must be in a separate subsection</p>	
<p>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</p>	<p>Yes, but needs additional details for clarity.</p> <p>Strictly recommended to insert latest references</p> <p>The statistical data must be of latest year</p>	
<p>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</p>	<p>Very old</p> <p>Needs to incorporate the newer ones</p>	
<p>Minor REVISION comments</p> <p>Is the language/English quality of the article suitable for scholarly communications?</p>	<p>Its Ok, but need more preciseness</p>	
<p>Optional/General comments</p>	<p>Ensure all references are up-to-date and correctly formatted according to the journal's guidelines.</p>	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
