

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_123819
Title of the Manuscript:	DEVELOPMENT OF SPIRULINA MILKSHAKE FOR THE NUTRITIONAL IMPROVEMENT OF HEALTH
Type of the Article	

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	In this manuscript, spirulina, banana and cardamon incorporated milk shakes were studied for flavour, texture, taste and overall acceptance. The study is simple and needs more data to be presented. The whole manuscript should be rewritten. Following are the suggestions given to improve the quality of the article.	
Is the title of the article suitable? (If not please suggest an alternative title)		

Review Form 3

<p>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<ol style="list-style-type: none"> 1. Abstract: <ol style="list-style-type: none"> a. Should describe about the spirulina. b. Significance level should be mentioned in the abstract section. c. Abstract should be rewritten properly. 2. It is necessary to change title of Figure 1. 3. In tables, the values should be given with two decimal points and the standard error should be written as example (7.20 ± 0.83). 4. P value should be mentioned in the table. 5. Results and discussion parts should be rewritten properly. 6. Necessary citations should be given then and there. 7. The conclusion part should be the consolidated writing of results obtained. 8. Conclusion part should not include the parameters which were not discussed in results and discussion section (like high protein content, mineral profile, antioxidant properties). 9. References should be according to the journal's guidelines and format. 10. The time at when the tasting was done (before meal, or after meal) should be mentioned. 11. Percentage of milk fat and SNF should be mentioned. 12. What is the shelf life of the milk shake? 13. Whether it is commercialized or under preliminary study? 	
<p>Are subsections and structure of the manuscript appropriate?</p>		
<p>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</p>		
<p>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</p>		
<p><u>Minor REVISION</u> comments</p> <p>Is the language/English quality of the article suitable for scholarly communications?</p>	<ol style="list-style-type: none"> 14. There are several grammatical and typographical errors throughout the text that should be corrected. 	
<p><u>Optional/General</u> comments</p>
