

### Review Form 3

Journal Name:	Asian Journal of Agricultural and Horticultural Research
Manuscript Number:	Ms_AJAHR_123437
Title of the Manuscript:	Above and Below Ground Growth Pattern Distribution of Cashew Seedling ( <i>Anacardium occidentale</i> L.) as affected by Water Management in the Nursery.
Type of the Article	

#### PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Most scientific communities provided little emphasis on cashew seedling water management and failed to report on the amount of water needed during the nursery stages of production. I think this manuscript optimized amount of water needed on cashew seedling in nursery.	
Is the title of the article suitable? (If not please suggest an alternative title)	Response of Water Management on above and Below Ground Growth Pattern Distribution of Cashew Seedling ( <i>Anacardium occidentale</i> L.) in the Nursery.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract result part not clear. It should be expressed in terms of parameter that reveals significance or not. It must be in figure.	
Are subsections and structure of the manuscript appropriate?	Yes.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript appropriate because it was done based on scientific method and its reality.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	80% references must be within 2018-recent	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Should be checked against grammar.	
Optional/General comments
